## COVID-19 GUIDELINE

### UIPM 2021 YOUTH WORLD CHAMPIONSHIPS

Alexandria, EGYPT

13-19 September 2021

Dear Delegations,

This is to inform you about the current (today's) regulations and restrictions regarding the COVID-19 case made by the Egyptian Government. It needs to be underlined that the information listed below comply with the policy of the UIPM and created based on the actual regulations.

#### ENTERING TO EGYPT

All passengers travelling to Egypt **MUST** be in possession of a negative PCR test (72 hours before departure time of the last direct flight to Egypt (including already vaccinated travellers).

Exception is made for passengers travelling from (Japan / China / Thailand / North America / South America / Canada / London (Heathrow) / Rome / Paris / Frankfurt / New Zealand / Australia/South Korea) PCR test will be 96 hours before departure time.

All passengers will go through a temperature test in the airport and must fill a medical card upon arrival in Cairo/Alexandria airport.

#### AIRPORT TRANSFER

Transfers will be made by the LOC from Alexandria International Airport. At the airport there will be volunteers and LOC members with the sign "UIPM 2021 Youth World Championships" that will help the pistols clearance and transfer to hotels. We highly recommend you send the correct flight information of your team and inform us as soon as possible in case of any change.

Transportation from the Cairo International airport can be provided in extra cost (as in the invitation letter) with prior confirmation with the LOC only.

Delegations will be boarded in disinfected buses/Van / Car based on delegation size. Only one delegation from the same nation can be seated in one vehicle.

#### ARRIVAL TO THE HOTEL

There will be a COVID-19 protection full bubble system in accordance to the Egyptian national government recommendation and for the safety of the participants.

The LOC Medical team will be in charge of the COVID protection and management of the bubble system during the competition (more information at the end of this document).

At arrival at the AASTMT all delegation members (athletes, coaches...etc.) must provide a COVID-19 antigen quick tests at the COVID Test Centre in AASTMT before the team check in, at their own cost. They should wait for the result of the test (approx. 15min) to proceed to the accreditation office. This rule also applies for the delegations who participate in training camp and arrives before competition.

At the same time, they agree and confirm that all personal data and test result will also be sent to the LOC. For further information about the exact fee of the COVID test, see below at the COVID Test Centre part.

Accreditation process can only be finalized in case we have received the negative PCR test results (the same shown at the border) and when the quick antigen test has already been made and resulted as negative.

If at arrival, any participant's antigen test turns out to be positive, this person needs to immediately provide a PCR test while those who shared the same airport transfer bus will provide another antigenic test (for delegations already in Egypt for training, the same rules apply). After providing those new tests, the organizing committee, with the approval of UIPM and based on the agreement with the hotel, has the right to ask all mentioned in the paragraph above to urgently occupy their rooms (single room if possible) and wait in isolation, until the new results of the control tests are received. The costs of those tests will also be covered by the participant. If the control PCR test is negative, the indicated person can leave the room.

If the control PCR test is positive, the infected person needs to be put in isolation room (dedicated for this reason in AASTMT) for at least 10 days, according to the National Ministry of Health rules. In case the infected person shows stronger symptoms and need to be hospitalized, the government hospital (MAAMOURA CHEST Hospital) in Alexandria has been dedicated for this reason.

#### **ACCREDITATION**

The Accreditation Office (in Block D) will be in AASTMT. The number of persons allowed to enter at the same time is minimised to one person/delegation. It is kindly asked for the teams to nominate one Head of Delegation. This person will be responsible for the acts and the daily routine of the whole team. The whole delegation needs to sign a written confirmation at accreditation as well as the UIPM COVID-19 Safety Acknowledgement - Liability Waiver and Release of Claims (sent

by email together with this letter). The hardcopy of this files shall be handed over the team in the accreditation centre.

### **TECHNICAL MEETINGS**

Only one person from each nation can be present. If the number of attending people exceeds the one/nation limit, the LOC has the right to ask them to immediately leave the room of the

Technical Meeting, unless the venue offers enough space to accommodate two delegation members per nation.

### **TRANSFER BETWEEN THE VENUES**

All venues are located within walking distance from the residential hotels. The participants are free to move around the area at any time but the AASTMT compound is considered as the bubble and restrictions are applied in movement in/outside of the compound. Any athlete or delegation members violating this point will be considered out of the bubble and will not be allowed to enter the competition again.

### **COMPETITION ATTENDANCE**

No Public audience will be allowed to participate in the competition. A complete close bubble will be applied.

### **COVID TEST CENTER**

While waiting for being tested the usage of face mask is mandatory. The LOC will establish a "COVID Test Centre" in AASTMT, operating daily starting from 10-19 September 2021, 24 hours/day.

Other than the antigen test performed upon delegation's arrival in the hotel, a PCR test must be provided 48 hours before leaving Egypt to your countries. Both tests are at teams' own expenses. The aim of the TEST CENTER is to ease the delegation to fulfil their own requirement when leaving Egypt.

Participants are required to schedule their last PCR test by providing Name, Date of Birth, and Passport number of people to be tested no later than 6 July 2021 to [PCR\\_WCH2021@pentathlonegypt.org](mailto:PCR_WCH2021@pentathlonegypt.org) (Please send your information in the attached File)

The cost of the PCR test is 80 Euros and antigen test is 30 Euro. The payment shall be done by cash to the Egyptian Modern Pentathlon Federation upon arrival of the teams. The official invoice will be issued by the EMPF right after the payment.

**NOTE:**

Based on previous experiences and feedbacks of the last competitions, we recommend you have the booking time for your last PCR test at least 30 hours before leaving the hotel.

Example:

If the departure flight is in the early morning hours of Saturday, the recommended test day is Thursday.

Neither the laboratory in charge of the COVID tests, nor the LOC take any responsibility regarding wrongly given personal data, which could cause further inconveniences.

(A clear copy of your passport is also required during the test)

**\*IMPORTANT\***

Please be well informed about the regulations and restrictions to enter your home country or the specific requirement of the airline for the COVID Test. LOC is not able to take any responsibility to gather relevant information and to inform the ones involved.

**MORE ABOUT THE BUBBLE CONCEPT**

The competition will be organized in a bubble concept and teams must obey not to leave the AASTMT compound during the competition period.

All LOC members and judges in direct contact with the athletes will enter the bubble and stay at the competition hotels, including drivers, volunteers, and medical doctors.

In addition:

- Temperature screening will be carried out at all the venues and competition hotel.
- Any participants who develop any respiratory or flu-like symptoms (e.g. fever 38°C, cough, or difficulty in breathing) must immediately inform the LOC and UIPM responsible staff and avoid contact to any other person.
- Social distancing and usage of face masks (surgical or medical masks) in all closed precincts (accommodation, training halls and arenas, means of transportation, etc.) is mandatory at all times, except for athletes during competition or training.

In case any of the team members break the rules and leave the bubble, those people will be considered out of the bubble and will not be allowed to enter the competition again.

LOC & UIPM have the full right to take any further disciplinary actions if the rules are broken by any of the participants.

#### **WHAT IF someone gets infected?**

Following the Egyptian rules, the infected person needs to be put in a 10-day quarantine. Isolation is left after two consecutive negative PCR tests within 48 hours, provided if at the last three quarantine days have passed without symptoms. (e.g., if no symptoms, PCR tests can be provided on days 8 and 10 of the quarantine). During quarantine, LOC is not able to take any responsibility and cover the cost of the necessary tests and emerging extra costs.

Understanding the current circumstances, we strongly ask all participants to keep all the rules and pay special attention on the regulations the LOC provided for your own and all other delegation's safety.

#### **INSURANCE**

We highly recommend affecting an insurance covering COVID-19 cases as well. According to UIPM Rules all members of attending delegations should insure themselves in case of accidental injury or illness. The organizer will not accept any financial liability or loss, injury or illness occurred to any participant and or member of delegation.

We are looking forward to seeing you in Alexandria and your cooperation in organizing a safe competition for all.

Best Regards,

Ali Assem  
Competition Director  
Egyptian Modern Pentathlon Federation
