DECLARATION OF NON-DANGEROUS SPORTING EQUIPMENT

PENTASHOT FLP 12, FLP 15, FLP EVO, GLS 17, E-Start, LB 16 laser emitter and LC 14 laser cylinder equipment are optical sport shooting systems for training and competition purpose. THEY ARE NOT FIREARMS NOR ANYTHING WHICH CAN BE USED AS A FIREARM.

These devices do not house any such components as a barrel, chamber or bolt which are needed in a real fire arm.

They cannot be used to shoot real bullets, real pellets, nor any kind of projectiles.

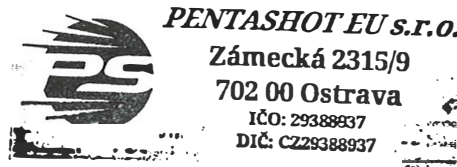

These devices use a Laser Class 1 laser beam, which fulfills the recommendations and requirements of UIPM and international Laser Class 1 requirements according to the standard EN 60825-1:2014 (IEC 60825-1:2014).

These devices can be used to send a laser beam to a special target, which determines a hit based on the detected laser pulse.

These devices have a built-in laser module, which emits a laser beam after the trigger has been pulled. The necessary software runs on a circuit board within the device. The country of origin of these devices is The Czech republic. These devices are manufactured by PENTASHOT EU s.r.o., address Zamecka 2315/9, 70200 Ostrava, Czech republic.
