

UNION INTERNATIONALE DE PENTATHLON MODERNE - UIPM

Monaco, 17 October 2023,

Reference: Carry of laser pistols on airlines

To whom it may concern,
To all airlines,

We, the Union Internationale de Pentathlon Moderne (UIPM), would like to inform you about the laser pistol used by athletes in UIPM events.

This equipment is classified as laser class 1 by the International Laser Class Association (ILCA), and we would like to assure you that it is safe and harmless. Laser pistols are part of the laser emitters category and don't belong to the firearms category. Therefore they don't represent any danger to be carried on your flights.

The laser pistol is designed for international sport competition and has undergone extensive testing to ensure that it is safe for use all around the world. As such, we kindly request that you allow athletes to carry this type of equipment on your airline flights.

We understand that airline safety is of the utmost importance, and we want to assure you that the laser pistol used in UIPM events poses no risk to the safety of passengers or crew members. All necessary precautions have been taken to ensure that the equipment is safe for transport and use.

We appreciate your understanding and cooperation in this matter, and we hope that you will allow athletes to carry their equipment on your airline flights. If you have any questions or concerns, please do not hesitate to contact us. You can find the list of homologated equipment on the second page.

Thank you for your attention to this matter.

For any further information, please contact our Headquarters at UIPM Office – 98000 Monaco, 19 Avenue des Castelans, Monaco (tel: +377 9777 8555 / maxime.papillon@pentathlon.org)

With our best personal greetings

Shiny Fang
